5TH MATH RESTAURANTS BY LEAH MOORE-5TH GRADE

In Mrs. Rosen's 5th grade math class, an exciting project took place. The girls have been working hard on learning decimals. The students were partnered up and worked for about three days to make a mathematical restaurant. The girls used their math skills and creative minds to made beautiful and educational projects. After they were done, each group traded restaurants and filled out each other's forms and solved word problems. After that, all the girls presented their projects to the class. We had so much fun.

RALLA KLEPAK FOUNDATION TO CONTINUE TO INVEST IN JDBY-YTT - AND THE CHILDREN OF OUR COMMUNITY

The level of education – and innovation – at JDBY-YTT is about to take a giant leap forward, thanks to the generosity of The Ralla Klepak Foundation for Education in the Performing Arts.

This past year, the Foundation funded the development of The Ralla Klepak Innovation in Performing Arts Day School Curriculum, which is designed to empower JDBY-YTT's Judaic Studies staff to bring dance, drama and music into their classrooms in innovative ways. The Foundation has recently announced that it will continue to invest in JDBY-YTT – and the children of our community – by funding a large-scale implementation of the curriculum over the next two years.

"We are grateful to The Ralla Klepak Foundation for believing in our teachers – and in their ability to give every child the chance to learn and grow through the performing arts," says JDBY-YTT Executive Vice President Rabbi Avrohom S. Brownstein. "We've already made enhancements to many of our programs and look forward to being able to give our children, at all levels, even more opportunities to succeed in the classroom and beyond."

In the first year of the grant, highly acclaimed musician, songwriter and educator Mrs. Dina Storch worked in tandem with teachers in kindergarten through 8th grade at JDBY and in Pre-1A and 1st grade at YTT to incorporate music, dance and drama into the existing curriculum, as well as create new opportunities to bring the arts into their classrooms.

Over the next two years, the program will expand to all grades in YTT, and teachers at both schools will participate in extensive teacher training. Through enhanced curriculum, the program's goals will be met – that every student has the chance to shine, while learning critical life skills through the performing arts.

"Over the last few months, we have already seen how bringing music, dance and drama into our classrooms has helped our children grow academically, socially and emotionally, in ways standard classroom teaching cannot," says Mrs. Bella Kaufman, Jr. High Assistant Principal. "We are grateful for this opportunity and are confident that our children will continue to grow and blossom in many ways."

Once again, JDBY-YTT thanks the Ralla Klepak Foundation for Education in the Performing Arts for its continued support, and is confident that the program will further the legacy of Ms. Klepak, who believed in the power of the arts to bring out the best in every child.
