**YTT** bytz

**Pre1A SIMCHAS TORAH DANCING**

Our Pre -1A boys enjoying practicing with their rebbe how to dance like real yeshiva bochurim by hakafos!

**TZEDAKAH CAMPAIGN**

So many boys helped out the best yeshiva in the world by joining our tzedakah campaign. One boy, Mordechai Miller, was standing outside the mikvah erev yom tov collecting and was asked by a man a tricky question on the parsha for an extra bonu\$ for his collection. Mordechai answered the question right on target because he had been maver sedrah just a few day before in our morning kollel! Double hooray!

## SHMO'S JUMP START

Being that Yom Tov ended later in the week, doing Shmo's was quite a challenge for parshas Bereishis! Not wanting to fall back in the important mitzvah, especially the first week, YTT organized a "jump start seder" on erev Shabbos with all classes from 6-8 coming together for 15 minutes to learn in the BM. The kol torah was booming! Let's do our utmost to keep it up! Our early morning kollel began Tuesday, Rosh Chodesh!

## RABBI MULLER SUKKOS SHIUR FOR FATHERS

Rabbi Muller gave a shiur to fathers on the Sunday before Sukkos. It was immensely enjoyed by all who attended.

## FROM THE KESHET CLASSROOM

The Keshet classroom has been learning about Parshas Noach. The students learned about the Mabul, Teivah, and the KESHET that appeared after the Mabul was finished. The class even got to make their own Keshets by painting with racing cars. Check out their finished products!

## CONNECTION CORNER

Rashi points out that the posuk (8,17) implies that HaShem told Noach that if the people who resided in the teivah insist on staying there even after the mabul is over, he must insist that they leave. The question is, who in their right mind would insist on staying for even an extra minute longer after being confined into a three floor enclosed boat for an entire year?

The answer could be as follows: True, it wasn't always easy being cramped up together and taking care of so many animals. Yet at the same time, it was perhaps the first time in quite a while that they were together as a family and spending quality time with each other. Now, having to once again go outside and face the world again - and live with all the distractions it has to offer - some of them might have had their doubts about leaving the teivah, and so HaShem had to command them to leave!

Why indeed did they have to leave? Because a person must live a properly balanced life. We can't live our lives locked in a box. Yet at the same time, we must learn to appreciate the special times we do have to spend together with our loved ones and connect with one another to a point that even though we can't always be together - at least we yearn to be!

### 8<sup>TH</sup> 8TH GRADE CHABURAH WITH RAV DOVID ZUCKER

Rav Dovid Zucker came to YTT the day after Yom Kippur to talk in learning with our 8th grade bochurim about hilchos Chol Hamoed. Rav Zucker said the oilam was shtark and so involved that he could have sat much longer with them had time provided it!

### NEW TEHILLIM INITIATIVE

Our new Tehillim initiative began during aseres yemei teshuvah. Within just a few minutes the entire sefer Tehillim is recited by our tinokos shel beis rabban by simply distributing a few kapitlach to each talmid. Special laminated papers with each perek individually printed on them are in the process of being made. May all our tefillos be niskabel l'rachamim!

### MAZEL TOV!

It is with much simcha that we wish a hartzige Mazel Tov to our Mashgiach and his Rebbetzin, Rabbi and Mrs. Tenenbaum on the hanochas tefillin of their son, our dear talmid Yechiel! In the zechus of all that the Mashgiach does for all our talmidim, may they be gebentched with much nachas from the bar mitzvah boy and all his siblings!

## BUS SAFETY REMINDER

Please keep the following safety guidelines in mind when driving near school buses. We appreciate your partnership in keeping our students safe.

- If you're driving behind a bus, allow a greater following distance than if you were driving behind a car. It will give you more time to stop once the yellow lights start flashing.
- Never pass a bus from either direction if it is stopped to load or unload children.
- If the yellow or red lights are flashing and the stop arm is extended, traffic must stop. It is illegal in all 50 states to pass a school bus that is stopped to load or unload children.
- The area 10 feet around a school bus is the most dangerous for children; stop far enough back to allow them space to safely enter and exit the bus
- Be alert; children often are unpredictable, and they tend to ignore hazards and take risks
