3RD LINKING VERBS IN 3RD GRADE

Mrs. Muschel's third grade is "linking" verbs! The girls made chains by "linking" the sentences together to form complete sentences.

1ST SCIENCE IN 1ST GRADE

We started our lesson on pebbles, sand and silt. On Wednesday, Mrs. Dulin's class looked at 4 different kinds of rocks: Granite, Scoria, Basalt, and Tuff. The girls had hands on experience and enjoyed discovering the rocks' different properties. Are they hard, soft, "messy", or colorful?

1ST GRADE MAGICIANS

There was magic in the air in Mrs. Levovitz's first grade! Our class full of magicians used the magic "e" to make vowels say their name. "Magic e, magic e, do your magic 1,2,3!" We now know that a silent "e" makes a vowel say its name loud and proud!

8TH GRADE YEARBOOK

Our Yearbook committee is hard at work preparing for this year's 8th grade year book. The theme of this year's yearbook is "reflections." Each of our 8th grade job committees will be preparing a page that reflects some of their accomplishments over the year. Hatzlacha to our yearbook editors; Penina Freydin, Nechama Hoffman, Ariella Kohn, Shevy Kreisman, Estee Shapiro and Mati Steinberg.

1ST KABOLAS HATORAH IN KITAH ALEF

With great Siyata D'Shmaya, our first graders have reached a very important milestone in their young lives. This week, אי"ה, the entire school will celebrate התחלת חומש in כתה א'. On Tuesday, Morah Gibber and Morah Goldstein's classes will be performing and on Wednesday, Morah Krohn and Morah Ullman's classes will share their presentation. Both performances will take place at 9:15am in the JDBY lunchroom followed by a Mesiba. We look forward to shepping nachas with our parents and grandparents.

100TH DAY OF SCHOOL!

The Kindergarten and first grade celebrated the one hundredth day of school this week. The girls all participated in activities. They graphed, counted and even had a museum where they each displayed one hundred items.

Dear Parents, עמו"ש

Our second JDBY parent-teacher conference night is scheduled, אי"ה, for Wednesday, March 27, for nursery through eighth grade from 7:30-9:30PM. Parent-Teacher conference night affords parents an excellent opportunity to follow up on their child(ren)'s progress.

If you wish to schedule a conference with your child's teacher, please contact one of the mothers listed below. No appointments will be scheduled after Monday, March 25.

Nursery and kindergarten parents will be given a 10 minute slot for each conference. 1st – 8th grade will be given 5 minute slots. Since report cards will not be distributed at this time, we strongly recommend that all parents attend this conference. Please be punctual for each of your appointments. **It is essential that the teachers adhere to their schedules. Teachers will be unable to see parents who do not have appointments.**

Thank you for partnering with us in the chinuch of your precious children.

WHAT IS THE EVENT ALL ABOUT?

Showing support for JDBY-YTT. Experiencing innovative ideas.

The JDBY-YTT Annual Event will be a unique, innovative experience. Separate exhibits for men and women feature life-size, expo-style displays, highlighting various aspects of our school. You will be able to view, touch, read and interact to get a better in-depth understanding of the amazing experiences JDBY-YTT provides.

You can come at any time and stay as long as you like between 6:30 - 9PM as it's a self-paced buffet style reception. Rabbi Nosson Muller, our very own YTT Menahel will be delivering a timely message at 8 pm. Please allow enough time to appreciate all aspects of the exhibits. Come enjoy, experience, mingle with your friends and support JDBY-YTT.

Focus On... Sleep Part 4 of 4

There are a number of practical strategies the experts suggest to help you get a better night's sleep:

- **Buy an Alarm Clock** - Using a phone as an alarm clock guarantees it will be near your bed, tempting you as you are trying to fall asleep.

- **Technology Curfew** - Experts strongly encourage no screens within at least 30 minutes of when you plan to go to sleep. Allow your brain the time it needs to get into sleep mode.

- **Buffer Zone** - Studies have shown that the closer the phone is to you, the more it is on your mind. Keeping it at a distance signals to your brain that it can begin to focus on its next task: getting a good night's sleep to be ready for a full day tomorrow.
