

Yeshivas Tiferes Tzvi Supply List

(2026-2027)

Dear Parents, שיחיו

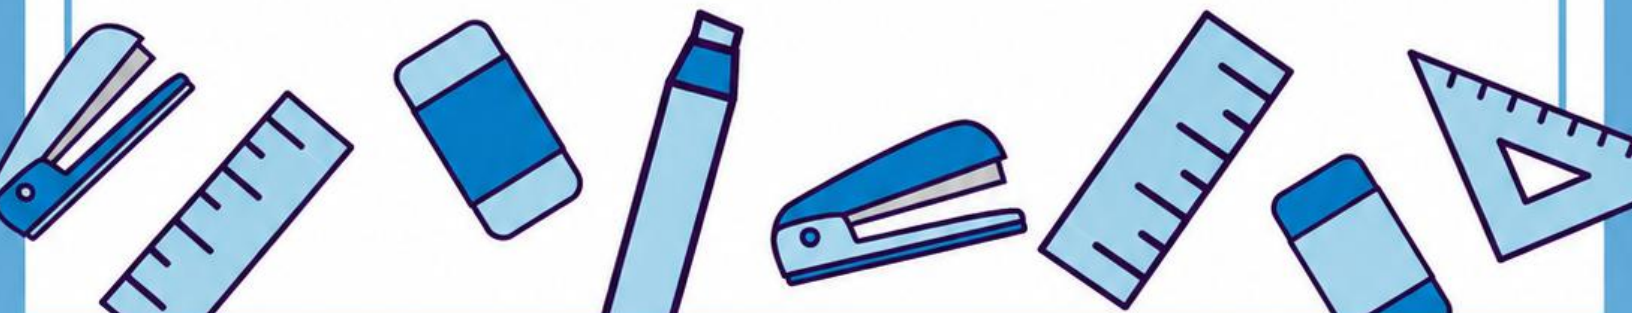

When purchasing the seforim listed, please make sure to adhere (when specified) to the exact type of sefer being requested (ex: Artscroll, Oz V'hadar etc.). There are specific reasons why the brand mentioned is being requested. Buying a different one will only confuse your son, and will not be conducive to his classroom learning, as the fonts and page numbers differ per publication.

In addition, if your son will be using a sefer from a previous year (ex: siddur or chumash) please make sure its condition is "very good" or above. Starting the new school year with respectable looking seforim, contributes so much your son's success. Ideally, a boy should begin a new limud with his very own sefer and not use a "hand me down" from a sibling. Doing so will only add to his geshmack towards his new limud. The small investment is well worth it!!

Thank you for your understanding and cooperation!

Rabbi Muller
