

Yeshivas Tiferes Tzvi Supply List

(2022-2023)

Dear Parents, שיחיו

When purchasing the *seforim listed*, please make sure to adhere (when specified) to the exact type of *sefer* being requested (ex: *Artscroll, Oz V'hadar* etc.). There are specific reasons why the brand mentioned is being requested. Buying a different one will only confuse your son, and will not be conducive to his classroom learning, as the fonts and page numbers differ per publication.

In addition, if your son will be using a *sefer* from a previous year (ex: *siddur* or *chumash*) please make sure its condition is "very good" or above. Starting the new school year with respectable looking *seforim*, contributes so much your son's success. In general, each boy should at least begin a new *limud* with his very own *sefer* and not use a "hand me down" from a sibling. Doing so will only add to his *geshmack* towards his new *limud*. The small investment is well worth it!!

Thank you for your understanding and cooperation!

Rabbi Muller
